Spring Intelligence Report - 2002

Why Does Treason Prosper?

As we look at the chaos and confusion wrought by the September 11th terrorist attacks, this message first delivered several years ago, grows in importance. It has been brought up-to-date and is being reprinted with the prayer that God will use it to wake our Israel people out of their *"near fatal sleep."*

While the patriotic fervor of Americans is at a *"white hot heat"*, for the first time since Pearl Harbor in 1941, it becomes almost impossible to warn our people of the flaws in our government, without being considered a **traitor**. People do not like to hear the *truth*, when it steps on the *"sacred corns"*, of those in politics and the church.

Yet the message to the watchman remains the same: "Cry aloud! Spare not! Lift up thy voice as a trumpet, and shew my people (Israel) their transgressions, and the house of Jacob their sins." (**Isaiah 58:1**) Since I am a watchman to the house of Israel, ala **Ezekiel 3 & 33**, and this message is aimed at Israelites in particular, I am compelled to give you the *truth*, as it comes from God's Word, *I must speak the truth*. This will offend some of you who read this, no doubt, and I'm sorry for that, but offer no apologies for speaking the truth. I am convinced that one of the major reasons the folks in the Judeo-Christian churches refuse to accept the truth of the Kingdom message, is that they are afraid of the responsibility that goes with it. "For to whom much is given, from them will much be expected!"

Most Americans, including many who go by the name *of* Christian, have forgotten two specific Scriptural warnings, among many given. **2 Chronicles 19:2** which says, "Shouldest thou help the ungodly and love them that hate the *Lord*? therefore is wrath upon thee from before the Lord." This has been one of our major shortcomings, as most of the Christian and political world, has backed the antichrists of Judaism, even when they openly declare their hatred for Jesus Christ and His church.

The second warning is found in **Galatians 6:7** - "Be not deceived, God is not mocked, for whatsoever a man (or nation) sows, that shall they also reap." We have sowed an evil crop for seventy-five years in our foreign policy and today we are harvesting a bitter crop as a result.

Led by most of the so called Christian world, who put their *"seal of approval"* on it, Britain and America stole land from the Palestinians that had belonged to them for centuries and gave it to the Jews; destroyed their homes, forced their families into refugees camps, then used weapons made in America, which were given to the Israelis, to harass the people they had illegally dispossessed, and keep them under their control. They did this with almost full approval of the Christian and political world. The pastors of the church world, twisted Scripture around, to make the antichrists into God's Chosen, even while their Savior said they were *"not of His sheep"*, **John 10:26**, while the political world backed them because it was financially profitable, and they supported Zionist aims for a One World Zionist dictatorship. You can't treat people the way we have treated the Arabs of Palestine, many whom are

Christian, without generating the hatred that erupts into terrorism.

There was time, fifty years ago, when the Arab world loved and admired America, today because of our backing of the antichrists, we are known as the "*Great Satan*", among a billion Arabs, many of whom hate us. The burden of guilt for the terrorist attacks of 9-11 lies on the shoulders of American pastors who refuse to *preach the whole counsel of God's Word*. In **Jeremiah 23:22** the prophet tells us, "But if they (the Israelite pastors) had stood in my counsel, and had caused my people (Israel) to hear my words, then they should have turned them from their evil way, and from the evil of their doings." In most cases this hasn't happened and is a terrible indictment on our pastors. Yet how can they preach the truth, when they have been seduced by Jewish propaganda (See **Titus 1:10, 11, & 14**) into believing that we are "*Gentile heathen saved by grace*", when we actually "*children of Abraham saved by grace*."

This mess we are in will not be cleared up by military or political action, or by throwing vast sums of money at it. There is only one solution that will work and that is found in 2 **Chronicles 7:14** - "If My (Israel) people, which are called by my name (Christian), will humble themselves and pray, and seek my face, and turn from their evil ways; then will I (God) hear from heaven, and will forgive their sin, and will heal their land."

This solution is so simple and easy to understand, that the *brains* that lead our political and church world can't understand it. Must we be further *driven to our knees, and have our noses rubbed in the dirt, before we will listen to God, obey, and be saved, both physically and spiritually?*

In this message, I will discuss treason, which is defined in Article III, Section 3 of our Constitution in words even a fifth grader can understand. It says: "Treason shall consist only, in levying war against them (the United States); adhering to their enemies, giving them aid and comfort." Most of the treason in America comes from "giving the enemy aid and comfort." Treason is not a popular subject with the American people because it has become so prevalent in the Western world. Once it was abhorred, now it is tolerated. Years ago, a wise man said, "Treason prospers, what's the reason? For when treason prospers none dare call it treason!" and it prospered and made many multimillionaires in this country including the church world.

Today most Americans are afraid to call treason treason, for fear of receiving some label, such as anti-Semite, hatemonger, or religious extremist.

This message will deal with treason in high places, in both the government and the Christian church. Many of you have known this was going on for years, but lacked the "intestinal fortitude", (we used to call it guts) to stand against it. Therefore as Edmund Burke, the well-known philosopher once said, "All that is necessary for evil to succeed is for good people (Christians) to do nothing."

This apathy on the part of Americans has taken this country from the status of being a Christian Republic, into a Welfare Socialist Democracy, fast moving into the One World Zionist orbit of slavery. What can we as Christians do to stop this?

Our problems seem insurmountable, as the enemy seems to dominate us in every phase of life. It reminds me of a Negro baseball game I attended years ago. I arrived in the bottom half of the first inning, with one out and the score was 26-0 against the Purple Knights. I mentioned to one of their players: "You guys are sure taking a beating!" I'll never forget his answer, "Naw we ain't, dis is onny de fust innin', us ain't corned to bat yet." Could it be, that if we trusted and obeyed God, and took our turn at bat, the score might change?

We need to remember that God is still in charge of things, and even though it seems that evil is succeeding at times, and we are taking a beating, "us ain't corned to bat yet! "

God doesn't balance His books at the end of every year, as we men do, but this doesn't mean that evil men are getting by with their wickedness, for a "day of reckoning is coming" for all of us when we will, answer before God, as to whether our deeds were good or evil. Sometimes God needs to discipline His children when they get out of line. Hebrews 12:6 tells us, "Whom the Lord loveth He chasteneth . . ." and verse 8 goes on to say that if we do evil and do not receive this chastening, it proves we are "illegitimate children-bastards " and not His sons. (This truth is not preached in many churches, but is a sure way to know if you are saved.)

I am going to show you some of the inner workings of the government you may never have heard of before. This will come, from personal observations in the 22 years I was in the Army during World War II, Korea, and Vietnam, and for many years of in-depth study into our foreign policy. You may not want to accept some of the things I tell you, but that does not change their truth. Once you have read this message, you will never be able to say, "I never knew that!" for it will become a personal matter between you and God, and He will hold you accountable for the truth you hear, whether you want to accept it or not!

Today Zionist pressure on our government is pushing us into a big war coming in the Middle East, that we will be unable to win, for we will be supporting God's enemies, and once again will be led by Zionism into a war that will not benefit America or protect us in any way, although it will male a few men immensely rich and powerful, while giving us nothing but the pain, agony, bloodshed, and a further unpayable debt to those who caused it.

I will attempt to show you where we are heading, and the dire consequences to our posterity and us if we fail to stop the present disastrous trend.

There are multitudes of good people in America, most of whom go by the name of Christian, who have been "sold a bill of goods ", and believe at least with their mouths, that when an evil person hits you, you are supposed to "turn the other cheek. " (Isn't that what Jesus taught in Matthew 5:39?) This is another example of twisting words to make them say what you want them to say rather than what they mean. They do not bother to explain that Jesus was speaking here about personal adversaries, a brother with whom you may have a personal disagreement. He was not speaking about those enemies who were trying to destroy His church. We have proof of this in the fact that Christ acted quite violently against wicked men, when He made the whip of rope and drove them out of the temple and when He said in Luke 19:21- "But those mine enemies, which would not that I should reign over them, bring hither and slay them before me." This aspect of Christ and His teachings is seldom mentioned in the Judeo-Christian church. Our Savior was not the little milquetoast preacher painted by most churches. He was a man's man of like passions as we are, but without sin. He knew how to get angry at evil, and put a stop to it, using violence if necessary.

He said, "I am not come, to bring peace to earth (as most pastors preach), but a sword", Matthew 10:34, and in Luke 22:36 he told His disciples that if they did not have a weapon to protect them, to sell their coat if necessary and buy one.

We can see the real, purpose of Christian responsibility in the words of the Apostle Paul in 1 Timothy 5:8 - "But if any provide not his own (kinfolks), especially those of his own household, he hath denied the faith and is worse than an infidel." (The Greek word for provide is proneo and literally means: "To consider in advance; to look out for beforehand." You can be sure that this means protecting them, as well as giving them food and shelter)

Today we are looking for ways to "lock the barn door, after the horse has been stolen by the international gangsters", the trouble is we are looking in the wrong place and are depending on what men say, rather than on what the Word of God teaches. This merely exaggerates the problem. Most of you who go by the name of Christian have no concept of what it would be like to live under the control of the planned World Zionist Slave Plantation.

I am going to attempt to paint a word picture for you, taken from my personal experiences with Zionism/Communism in prewar Korea. I apologize to you ladies in particular, for the horrific story I tell and the language I must use.

I must use harsh language for you to understand this traumatic experience, and is given, not for sensationalism, but so that you can avoid having it happen to here. You may want to keep it from younger children, as it is not meant to frighten, but to educate. Some of you, who have been brainwashed by so-called Christian propaganda, may become angry at this message, and I may have to say with the Apostle Paul -"Am I therefore become your enemy, because I tell you the truth? " (Galatians 4:16)

As I revealed the harsh truth I am about to relate, I have had numbers of men and women who came to me after a service when I gave my testimony, to say, "Brother Mohr, we believed all the terrible things you told us tonight, but we are here again, you know, and Jesus is coming back to Rapture us out of this mess, before it gets all that bad." (Talk about being wrapped in a "cloak of self righteousness ", this is more like being bundled in a shroud.) They are so sure of this Rapture fallacy, that they will do nothing to keep evil from coming to our people. Millions of potential "Christian soldiers " have been emasculated by this teaching from hell, and are hastening the day when the evil I describe may come to our shores.

Let us briefly tell you about my experiences with Zionist/Communism in South Korea, in 1948, a year and a half before the Korean War began. It was the driving force that has kept me on the battle line since I retired from the Army in 1964.

After serving on occupation duty in Japan in 1945, 1946, I spent three years in Korea, as an advisor with the Korean Military Advisory Group, which was training the new Republic of Korea Army from 1948-1951.

My first assignment in Korea was an advisor to the 19 Republic of Korea Regiment, stationed at Yosu, Challo'namdo Province in SW Korea.

There was much underground Communist activity in this area, for when World War II ended in 1945, a special school was begun in Pyong'yang, North Korea, to train young men from both the North and South, to infiltrate the South Korean military apparatus and cause much havoc. The plan was to take over South Korea, through a military coup. This plan came to a head in November 1948, when several South Korean Regiments, under Communist control revolted against the government of President Sigh Mun Rhee, and attempted to oust him from power. The 19" Regiment was one of the keys in the Communist plan, as it operated in the strategic seacoast city of Yosu.

On the evening of November 28, 1948, while I was attending a Division meeting in Kwang'ju, ninety miles to the north, about 70 communist infiltrators took control of the armory, and killed off most of the South Korean officers. About 2500 men from this unit of 3,800 joined the rebels, after being promised high positions in the regime. The rebels marched about ten miles east to Yosu, where they killed most of the Yosu policemen, and high city officials, then headed north to the strategic city of Sun'chon.

About 3 a.m. I received a telephone call from the Sun'chon Chief of Police, Chung Sun Ki, notifying me that the city was under attack from my regiment, and asking for help.

I immediately loaded a South Korean infantry company of some 185 men on trucks and headed south over the crooked mountain road to Sun'chon. At that time, I thought it was just another skirmish between the ROK's and the South Korean police, as they hated each other. As we arrived on the outskirts of this lovely little mountain city of some 150,000, I soon realized we had a full-scale battle

on our hands.

Sun'chon was an easy city to defend from a southern attack, as there was a deep, swiftly flowing river on its southern border, with only one bridge. I placed my army unit on guard at the bridge with orders that no one was to cross, while, I went into the city to search for the Police Chief. When I came back about two hours later I was dismayed to find the rebel soldiers crossing by the hundreds. The officer I had placed in charge of the bridges defense explained that after I had left, a man under a "flag of truce", had crossed the bridge, and had promised them all sorts of good things if they joined with the rebels. So there I was with 45 policemen against 2600 enemy. The only thing we could do was hole up in the down town Police station, that was built like a fort, with high stone walls, and a water filled moat surrounding it. For two days and nights we prayed for help that never arrived while we exchanged fire with the rebels.

By the third day we were running short on ammunition, and no help in sight. About 10 a.m. A policeman awakened me, where I was asleep leaned against the wall. He said, "One of the Immin'gun (Communist) wants to speak with the American common'quan (officer)." I looked over the wall to see a man with a white flag tied to his rifle, waving at us. When I asked what he wanted he said, "We are going to storm the Police station in a little while and will kill anyone who is still inside, but if you or any of the policemen want to give up now, we will guarantee you safe conduct." (At this time I was under orders from my headquarters not to become involved in any fighting, that I was merely there as an observer.)

I decided to come out with the idea that I might be able to talk some sense into the rebels, since I knew and had worked with many of them. (It also shows how naive I was at that time to believe Communist promises.) So I came out with eight policemen. They did not even disarm me, but as soon as we were safely out of sight of the wall, they pounced on the policemen, stripped them, and executed them by stabbing them repeatedly with sharpened bamboo spears. They were quite friendly towards me.

As we entered the courtyard in front of the Courthouse, I noticed a sharpened bamboo pole about three inches in diameter set in the ground. They dragged the Police Chief to the stake, and impaled him on its sharp point, executing him by ramming him down on its point until it entered his body. While he was screaming his life away, they dragged out his wife, who looked to be close to nine months pregnant, stripped her and gang raped her, then chopped off her breasts with a bayonet. When I saw this happening, I forgot all about not becoming involved and when I reached for my pistol, someone hit me over the head from behind. When I woke with a throbbing head, hours later I was in the darkness of the prison, lying on some rotten rice straw, where I could hear rats running around in the darkness.

During the next few days, I lay on the straw without food or water, I could hear shots and screams from the outside, and occasionally get a whiff of the nauseating stench of burning human flesh.

Sometime later, I'm not sure how long; I was taken to the Courtroom, where I stood before a People's Court. This is a strictly Communist apparatus, with a Judge and a Prosecuting Attorney, but no defense council, as you have no defense. You are guilty of crimes against the State and will often die by the most painful means possible.

The courtroom was a large room the size of a basketball court, jammed with standing people who had been forced to attend. The only furniture was a heavy oak table, with a heavy chair at one end. The judge, a little civilian in a black Mao Tse Tung jacket was sitting behind the table, writing on some paper. I stood there for several minutes and then speaking in Korean, asked to be released since I was an American officer and we were not under a declared war. He leaped to his feet and began to scream at me, "How can a running dog, of the Capitalist Imperialist American war mongers, ask anything of a

representative of the People's Republic? Sit down!" Then he came close to me and began to lecture me in a loud voice on the evils of Capitalism. He was screaming so loud that he spit all over me, and I reacted in a stupid manner by spitting back at him. It was stupid because he was in the driver's seat. Barking a command in Korean to the rebels standing behind me, I was overpowered and stripped until I was completely naked, and was forced into the heavy chair, where I was tied down with fine wires. Then electric wires were attached to the nipples of my breast, and testicles, and they played a nasty game of asking questions while alternately turning on the electricity. I can't remember much now about the pain, as it was more like a giant hand picking me and the chair into the air and smashing us to the floor. It seemed to go on for hours, but I'm sure it was only a few minutes before I passed out, and when I came to I was back in the prison cell.

I hadn't thought much about God, or prayed in a long time, but I did now. I promised God that if He got me out of that mess, and let me come back to the country I loved and the people I loved, I would dedicate my life to seeing that what I saw in Sun'chon would never come to America. (It has been the driving force in my life ever since.)

One day a guard caught me kneeling on the straw covered floor praying and knocked me over with the butt of his rifle, while screaming at me, "If you want to pray; pray to me. Your God can't help you now!" From time to time the guards would come and torment me, and one day hung me by my heels from an overhead beam, where I could not touch the floor and beat on me with bamboo poles, until the perspiration on my forehead was mixed with blood. One day they took me naked into the courtyard, with my hands tied behind me, and fastened me to a pole, with a leather thong forced through my right breast behind the nipple, where I endured the insults of the children who threw rotten vegetables and horse manure at me, and the women came to switch me on my exposed privates, with willow switches, while making vulgar remarks about me. I stood there for several hours until my legs gave out, and I fell down, tearing my chest muscle loose.

Several days later, I was once again taken to the courtroom this time for sentencing. I had about given up hope, and could not help but remember the Police Chief, as he screamed his life away after being impaled.

As I entered the courtroom that day, I saw a Korean Sergeant, named Yu Chang Nam (we called him Pak Sah, in Korean, as he had been a high school teacher in civilian life). He had been a friend of mine and had often visited in my home. He was leaning against the wall smoking a cigarette. In desperation I called to him, "For God's sake Pak Sah, help me!" He replied by cursing me in Korean and hitting me across the mouth with the back of his hand, while running screaming to the judge, saying how he hated all Americans and pointing at me, that meguk noam (American bastard), especially. He said, "I would be honored if you would give me permission to execute him."

He evidently impressed the judge, who gave him permission and he left the room, to come back in a few minutes with six armed rebels. As they led me from the room, Pak Sah whispered to me, "Mohr san, when the rifles fire, fall down dead!" which was a strange remark for him to make. They took me several blocks away, down a cobble stone path, and drove away the curious onlookers who wanted to see the fun. When we arrived at a stonewall, I remember standing with my fists clenched, my eyes closed tightly and praying, as I heard him give the order for the rifles to be raised and fired. Immediately I realized they must have fired over my head, for I was still alive, and fell down as though I had been hit, while Pak Sah came up to examine my body.

As he leaned over me he whispered in English, "When the coast is clear, go to the moak sap's (missionaries) house on Masan Hill, and I'll try and smuggle you out of the city." He stood up, cursed me in Korean, spit on me and after booting me in the ribs in case of onlookers, went off with his squad. When the coast was clear, I went to the home of Dr. John Curtis Crane, a Southern Presbyterian missionary from South Carolina, where I stayed for ten days until government troops ran the rebels off

Masan Hill was in the center of the city and from the stonewall of the mission station; I observed what takes place during a Communist takeover. They were especially cruel in Sun'chon, as it was known as a Christian city of South Korea, and the Southern Presbyterians had been there for over forty years, and the Catholics had a large mission in the city. The first day there, I watched as about forty little girls between the ages of 12 to 16 years of age, were dragged out of the mission station, were stripped, gang raped and then bayoneted to death.

Four Catholic nuns, across the street were stripped and after being gang raped, were nailed to the walls of their church with bayonets driven through their shoulders, and thighs, pinning them to the walls. I listen to them scream and cry for mercy for agonizing hour after hour, while standing in the mission station window with a rifle in my hands, but was afraid to shoot and put them of their misery, because of the five American men and three women who were in the mission station with me.

Father Henry, the Irish Catholic priest, was tripped and nailed to the wall of his church, where he was used as target practice for bow and arrows, the idea was to fill his body with as many arrows as possible before died.

On the last day before the rebels were driven out of the city, a pretty Korean girl, about 19, was tripped and gang raped, before they nailed her to a tree, with spikes driven through her breasts, while a bundle of oil soaked rice straw was bound between her bare thighs and set on fire.

In about two weeks of communist occupation, the devils brutally murdered over 3500 men, women, and children, many being tortured to death. I can honestly say that I never hated the Korean people, for many of them risked their lives for me, but I did grow to hate the antichrist philosophy, which is now being used to enslave our people in their Zionist World Order.

These experiences and others I saw during the Korean War, and since, have compelled me to warn our people according to Ezekiel 3 and 33, when I see dangers we face. It is not my task to persuade people that I am right, as I am a watchman on the walls of Israel America, and once I have given you the truth about the danger we face as a nation, it will become a matter between God and you, and He will hold you accountable for what you hear, whether you want to accept it or not.

I can assure you, that if the Christian world remains in its present apathetic state, that what I experienced and worse, will happen here. Don't expect to be saved by a supernatural Rapture, which is not coming to save you from the results of your Christian neglect.

I discovered the bitter truth over thirty years ago, when as an evangelist and lecturer; I discovered that most so-called Christians do not want to hear the truth. This is why they have been seduced, by the Jewish fairy tale of a Rapture, and why religious charlatans like Oral Roberts can fill church pews and offering plates, with his saccharine message that "something good will happen to you today. " (Few would listen to him if he preached the truth that "unless you repent, you will all likewise perish' ") The remainder of this message is designed to show you how we have been seduced as a nation into selling our nations "birthright" for a mess of "stinking socialist pottage. " My advise to our nations leaders, as they search for terrorists, is to begin with a thorough "housecleaning" in Washington DC, and in the church world. As I go along in this message, you will see why.

After the 1948 coup attempt I was given the option of being reassigned either to Japan or the States. After much prayerful consideration, I realized that if I ran away from the trouble I had seen in Korea, I would have a fear of Communism all my life, so I asked to be sent back to the area where I had been captured. During all of 1949, we were in a state of war, with the rebels who had escaped into the mountains and were being supported by an underground from the North. (I have a pretty good idea of what our men are now facing in Afghanistan, and it is not pretty.)

In January 1950, I was reassigned to the Seoul area, and made an advisor to an Infantry Battalion stationed at the village of Po'chon, about fifteen miles north of Seoul. On May 25th, I was married to the Special service Librarian, Doris Grone, in Seoul.

From the beginning of 1950, the Advisors on the 38th Parallel knew that an invasion was eminent, but any suggestion of this to the State Department was met with contempt, usually with the snide suggestion that we saw "Communist under every rock and behind every tree, " which was no exaggeration.

On June 23rd I arrived in Seoul late at night after a hectic day with my unit, and reported to the Bird Colonel from the State Department who was entertaining VIP's from Tokyo at the Officer's Club. He was not thrilled to have a dusty front line officer break into his party, nor was he thrilled with my report.

That day I had seen a North Korean Infantry Division of some 11,000 men, replace the original company of 185 men. A Regiment of mounted horse cavalry, about 1800 men

had moved into the area, and many heavy T-34 Russian tanks were seen; and report-, said there were over 75 of them. I was astounded at the Saturday Advisors briefing, to hear this officer I had briefed make the statement: "There is no sign of any unusual enemy activity along the 38th parallel, and if any of you want to attend the bash at the Officer's Club tonight, it will be perfectly all right." I was so sure that things were about to break that I did not go, and had my equipment ready to move at a moments notice.

The next morning, June 25th, at 3:30, my telephone rang, an excited officer, the one I had briefed on Friday night shouted: "My God Mohr, they are coming across the 38th. Get up to your unit." I refrained from saying, "I told you so", and headed north. (Because of the party at the Officer's Club many KMAG [Korean Military Advisor Group] officers were not fit for duty that June morning.)

I reached my unit about 5 a.m. to find them under heavy tank and cavalry attack. Our artillery was almost useless, as most of the artillerymen were off for Sunday in Seoul and had to be rounded up. I earned the first decoration of that war, the Silver Star when I tried to stop two heavy tanks from attacking Battalion Headquarters, with a little 56 mm anti-tank gun that had only high explosive shells. Here I got my first taste of State Department treachery for when I asked my Korean C/O why they did not have armor piercing shells he said, "Mohr san, your Ambassador Muccio, ordered the A. P. shells out of the front lines ten days ago." When Congress questioned Muccio later, he came up with the lame excuse, that he "was afraid the ROK's would attack the North."

By Tuesday night, all the U.S. military and civilians with the exception of seven Advisors (of which I was one), and the Ambassador and two of his men, had left for Japan. On June 28th, my C/O sent Captain Elmer Lowry and me to see the Ambassador and get permission to bum a gasoline dump on the outskirts of Seoul (Muccio was in charge after the MAG had left). This dump contained a million 40-gallon drums of gasoline, just shipped from stateside (the North Korean invasion force had broken through the ROK defenses and was in the northern outskirts of Seoul). I'll never forget Muccio's response. He literally cursed us out of his office, screaming that he was in charge and that he wasn't about to have the military tell him how to "run his war". He said, "I'll give the order for the gasoline to be burned when I get ready!" As a result, three hours later, 40 million gallons of gasoline were in North Korean hands, enough to run their war machine for three months.

Later that day Muccio and his flunkies flew to Tokyo, and our CIO sent Major Paul Headstrom, from Bismarck, N.D., and I down to check out the State Department building in downtown Seoul (the enemy were only a few blocks away at this time). In the Ambassador's office, we found a locked storage room and after breaking down the door, found a military style safe, secured with a padlock that we shot off with a .45 cal. pistol.

In the safe, we found the military reports of much enemy activity along the 38th Parallel for the preceding six months, which should, have been sent to General Mac Arthur's Eight Army headquarters in Tokyo, but which had been withheld by the treason of the State Department. I collected four of the most incriminating, intending to send them to someone in Washington DC who would do something about it. When I was slightly wounded the next day in an air attack on the airport at Sun' won, I was flown to Itazuke, Japan for treatment, and sent these reports to Washington via an officer who was going home.

He hand carried them to Senator Bill Knowland, a conservative Republican from California, who was on the Armed Forces Committee. He told me later, that when he made his report to the Senate, they literally laughed him off the Senate floor, saying, "No Ambassador of ours could do such a treasonous thing." When he insisted they investigate, the liberals in the Senate began a campaign of harassment that ultimately drove him out of the Senate. (You can imagine the reactions of the military when they discovered that an officer had skipped the "sacred chain of command", and had gone to the Senate over their heads.) They made life miserable for me for a long time.

About this time I began to do some "Monday morning quarterbacking ". I remembered how three weeks before the war began, a Colonel William Baird, the KMAG Provost Marshall and Advisor to the Korean National Police (Which made him one of the most powerful Americans in Korea), had left by ship for the States, to retire after 36 years of service. His ship had hardly cleared the harbor in In'chon, when the South Korean Military police arrested his personal secretary, a beautiful Korean girl who had been a professional model, accusing her of being a North Korean spy, married to a top North Korean military officer in Pyongyang.

For two years she had been using U.S. Military Police vehicles, with GI drivers, to take vital information to her mother in the border town of Kae'song, northwest, of Seoul, who sent it to Pyongyang. In addition she had been "shacking up" regularly with seven top State Department officials in Seoul, and got more than 2 million dollars in State Department funds from them that went into North Korean coffers. When the war began, South Korean police without a trial shot her.

When Colonel Baird arrived in Oakland, he was held in house arrest, pending a possible Military Court Martial. He had accumulated so much dirt on Muccio and his State Department, the military swept it all under the carpet, Baird retired with full military honors, Muccio was sent to Iceland as Ambassador, and the seven men who had been connected with the North Korean spy were all promoted. The media reported none of this, until several years later, when a little magazine called "AGENT" printed their whole sordid story.

In 1957, when there was large reduction in Field Grade Reserve Officers, I was given the option of getting out with a healthy severance pay, or staying in with my highest permanent enlisted rank of SFC (Sergeant First Class, E-5). Since I had fifteen years toward retirement I took this option, and was soon promoted to Master Sergeant (E-6), and sent to Eritrea in East Africa, with the Security Force guarding Kagnev Station, in Asmara, an Army Security Agency base that monitored Communist air traffic and messages from our Mediterranean Fleet.

Here I got another look at the treachery in our State Department.

In 1961 & 62, there was a severe famine in Eritrea, Ethiopia, and America sent two ship loads of wheat, as a gift to the Eritrean people, to relieve their food shortage. I was in charge of truck convoys that carried this wheat from the ships in Massawa Harbor, to the distribution points in Eritrea. Here I saw Ethiopian officials selling it for high prices to the starving Eritreans, with evidence that our State Department official, the Consul in Asmara, was getting a substantial kickback.

When I confronted him with this evidence in his Asmara office, he threatened that if I exposed him he would ruin my military career and see me behind bars, and when I sent this information to my U.S. Representative, John Paul Hammerschmidt of Arkansas, the "smelly stuff" only again hit the fan. I was transferred to Alaska, where for the next two years the CIA made life miserable for me, trying in everyway possible to get some kind of false evidence that would put me behind bars (This went so far as to accuse me of rape, and it was only the honest testimony of my Company Commander, that saved me). I became so disgusted with the whole smelly affair that I resigned in 1964, eight years earlier than I had intended, with the Reserve rank of Lt. Colonel.

These are only a few of the reasons I feel so strongly about treason on the part of those who have taken an oath of office to defend this country from all enemies, foreign or domestic, and instead are giving aid and comfort to these enemies.

On retirement, I thought I was through with State Department activities, but it was not to be. I began to fulfill my promise to God, and became a Baptist evangelist, with the desire to see America return to God and the principles, which had made her great.

No doubt some of you who read this account would be naive enough to say, "Surely you must be mistaken for our elected officials would do nothing to harm this country." But they have been in the process of destroying it for the past eighty or more years, as they seek to bring us under the Zionist One World Order.

Our government has completely flouted God's warning in 2 Chronicles 19:2 for over eighty years, at least since 1913, when we turned our economic system over to the International Jewish money changers, contrary to our Constitution, we have been bedfellows with those who hate our Christian heritage, and have openly threatened to destroy White Christian civilization.

In the late sixties, I became a lecturer on the AMERICAN OPINION ,S'PEAKER'S BUREAU of the John Birch Society, and through connections with members in Mexico, I became aware of Soviet and North Korean military forces with their heavy equipment, close to our borders with Mexico (They even made armed forays into American territory and had engagements with our Border Patrol). Yet when I sent this information to the State Department in Washington DC, including photos of the Soviet equipment, I was told to "keep my mouth shut, or else ".

I guess I should have learned my lesson by now, but remembering my experiences in Korea. I felt my first duty was to my people to warn them. When I went on a radio talk show in southern Texas, and spoke about what I had found out, I came under intense harassment from the CIA, the FBI, and the IRS. The latter stole over \$130,000 from this ministry in the next few years, including confiscation of a year of my military retirement pay in 1999, as some of you will remember. I was kept afloat by the largess of some of you who would not allow this Ministry to go under.

For two years during the hottest of the Vietnam War; I worked the college lecture circuit where I had over 25 confrontations, some quite violent, with student groups, like the Communist "Students for a Democratic Society" (SDS) headed by two young Jews, Abbie Hoffman and Jerry Rubin. In every confrontation, their leadership came from young Jews from wealthy families. (Remember at this time, with my Baptist background, I accepted these antichrists as God Chosen who could do no wrong, as I had been taught in my church.) The more I saw of their actions, the more I became certain that a serious mistake was being made somewhere. I became so intrigued with the Jewish infatuation with Communism, that I took off three months from a very busy schedule in 1979, to study this phenomenon. I used as my references the Holy Bible and Jewish authors. I was amazed to find the Jews bragging about the part they played in making the Russian Revolution a success.

On the front page of a 1919 issue of "THE AMERICAN HEBREW"; the most influential Jewish

newspaper in the United States was this statement, "What we did in Russia, through Jewish brains and money power, we will accomplish in the United States." While another article in the same newspaper stated, "The ideals of Bolshevism, are consonant (in agreement with), the finest ideals of Judaism."

Rabbi Stephen Wise, one of the top Jewish religious leaders in America, when asked about Communism stated, "Some call it Communism; I say it's Judaism."

Bernard Lazare. A Jewish author, in his book "ANTI-SEMITISM", page 350 said, "The Jew is not satisfied with de-Christianizing, he Judaizes, and destroys the Christian faith; he provokes indifference, and imposes his ideals on the world of morals and of life, upon those whose faith he ruins; he works tirelessly a this age old task of annihilating the religion of Christ."

One thing an honest student of Judaism will discover, is that over and over again they repeat their desire to destroy White Christian civilization, until there can be no doubt that they mean it. By the end of that summer, I was convinced that the people we know as Jews could possibly be the people of the book, the seed of Abraham, God's friend. They had to be those Christ speaks of in Revelation 2:9 & 3:9, "Those who say they are Jews (Judeans), and are not; but are of the synagogue of Satan." All honest connections with Judaism will prove this, in spite of what Judeophile preachers like Jack Van Impe say to the contrary.

These are the people who hate us, while they are willing for us to fight to the last drop of American blood to protect them. They are the ones who are now trying to seduce us into fighting their war against the Arab world in the Middle East and are responsible for the blood of countless American fighting men (See Christ's accusation against them in Matthew 23:34,35). They have accounted for billions of our tax dollars in American aid, while constantly "stabbing us in the back", as they did when they attack our Liberty ship during the Lebanese war. (Here we saw another example of official treachery; when President Johnson, recalled American carrier planes that had gone to the Liberty's aid, saying, "We will not insult our Israeli allies over a little misunderstanding like this.")

Our U.N. allies have been training in our facilities at Camp Polk, Louisiana for years, with full knowledge of our political leaders, not to defend America, but to become U.N. Policemen, and very possibly be used against us if the U.N. wants to go that route, and bring us under their control. (They already control our military, which is another act of treason.) The training these men, along with U.S. forces are taking is not in military expertise, but in house-to-house, search and seizure activities. This should be the duty of our police, not the military. The military should be used only to protect this country from any attack against us.

In over 500 overseas military stations manned by Americans, not one of them is for the protection of this country and most certainly our backing of the Israeli is not for our protection.

This message is designed to educate decent, patriotic Americans, especially if you call yourself Christians, against deliberate violations, often by our own officials which have been brought nothing but grief and sorrow to this nation. It is past time for us to hold our officials responsible for the oath of office they take when assuming official duties.

When the Murray building in Oklahoma City was destroyed, a well-known Jewish Rabbi said, "We (Jews) will control the American people either through subversion, or by violence!" If a Christian Patriot had made such a statement an immediate "witch hunt" would have begun. Yet few people, including the media, paid any attention to this Jewish remark. It shows you how far they have progressed in instituting their propaganda on our gullible people. Of course you didn't see this remark on the TV news, or in your Jewish controlled newspaper. It saddens and frightens me to see how American Christians have been fooled by Jewish lies, and reminds me of what the Apostle Paul said in Titus 1:10, 11, & 14 - "For there are many unruly and vain talkers, and deceivers, especially they of

the circumcision (Jews): Whose mouths must be stopped, who subvert whole houses (households), teaching things they ought not, for filthy lucre's (money) sake . . . not giving heed to Jewish fables, and commandments of men that turn from the truth." My how much misery we could avoid, if we paid heed to this warning.

An English Jewish writer named Israel Cohen, writing about the Communist plot to take over America, said in 1908: "We will use the Blacks (he called them Negroes), as cannon fodder to conquer America."

Since that time there has been a constant build up of racial hatred, spread by TV and the media, to cause friction between Blacks and Whites in particular. This has been effectively carried out in our Prison System, by forced integration, which as anyone in the prison business knows, cause further racial hatred.

Many prison officials, many of them Black, know that Blacks in prisons are being conditioned for racial war, which is supported by such radicals as Louis Farrakhan.

When I began my Crusade for Christ and Country work in 1965, I was a Baptist evangelist, who was thoroughly indoctrinated in fundamentalist doctrine, which taught that the Jews were God's Chosen people who must not be criticized, no matter what they did. Fundamentalist pastors erroneously used Genesis 12:3 as a basis for this teaching: (God speaking to Abraham: "I will bless them that bless thee, an curse him that curseth thee . . ."), not being honest enough to tell their parishioners that God was speaking to a Hebrew, and that there were no people called Jews until 1200 years after Abraham's time, when we first find them in 2 Kings 16:6, fighting against Israel.

I was welcomed as an evangelist into some of their largest churches and fundamentalist schools such as Bob Jones University and Tennessee Temple.

When I learned the truth about Judaism, and it's affiliation with Communism, and began to name names and point out the issue of treason in our government and the church, although what I spoke was thoroughly documented, I became a pariah and was forced to leave the Baptist church and the John Birch Society.

Today, at the age of eighty-six, I have become like a "voice crying in the wilderness", calling our people to repentance, and survival, and find few who want to listen to this truth.

As our National problems increase, and they will become more and more severe, as long as we refuse to follow God's directions (This regardless of what scoffers, or skeptics may say to the contrary). God's Word, which cannot be changed by the edicts of men, says we will either obey Him, or be driven to our knees until we willingly acknowledge Him as Lord. (Study the entire chapter of Deuteronomy 28 and see for yourself what is in store for an obedient people, as compared to those who disobey Him.)

Regardless of what scoffers may say, and they may rage against Him now, but you can be sure that the time will come, when "every knee shall bow before Him ", (See Philippians 2:10; Matthew 28:18).

The Psalmist foresaw this, when he wrote in Psalm 2:1-5 - "Why do the heathen rage, and the people imagine a vain (false) thing? The kings (rulers) of the earth set themselves, and the rulers take counsel together, against the Lord, and against His anointed (Jesus) ... He that sitteth in the heavens shall laugh: the Lord (God) shall have them in derision. Then shall He speak unto them in His wrath, and vex them in His sore displeasure."

Deuteronomy 28:43, 44, says that if we refuse to obey God; "the stranger (alien) that is within us shall

get up above us very high, and we shall come down very low ... He shall be the head, and we shall be the tail." If you can't see how this is taking place now, it's because you have closed your eyes and mind to the truth.

Verse 63 of this same chapter says, "And it shall come to pass; that as the Lord rejoiced over you to do you good, and to multiply you; so the Lord will rejoice over you to destroy you, and to bring you to nought (nothing); . . ." Remember Galatians 6:7 - "God will not be mocked by any man, or nation", no matter how powerful they may be. A day of Reckoning is coming, soon I believe.

We must not allow the enemy to force or seduce us into a war, as they seem intent on doing now, unless under God's direction, we are ready to face it. To do otherwise will lead to further disaster.

Remember this for it is the single most important issue you or this nation will ever face, other than personal salvation. This is that obedience to God must come before we can have victory.' We can have the best equipped, trained and well led military in the world, but without obedience, we will be whipped!

Isaiah spoke of the times we are now. Isaiah 56:10, & 11, says, "Their (Israel's) watchmen are blind they are all dumb dogs (a watchdog is useless if he refuses to bark when danger appears); they cannot bark: sleeping, lying down, loving to slumber (are interested only in things that appeal to their fleshly interests). Yea, they are greedy dogs, which can never have enough, they are shepherds (leaders), which cannot understand, doing everything for their own gain. . ." The truth of this can be seen in a statement made recently by a high Israeli official, when he boasted, "We (Israeli) have the best Congress money can buy." ("Doing everything for their own gain!")

What a terrible indictment for our leaders, both political and spiritual. We have a second witness in Jeremiah 25:22 where the prophet tells us God's warning to His Israel people, "But if they, (the spiritual leaders of Israel) had stood in my counsel, and had caused My (Israel) people to hear My words, then they should have turned from their evil ways, and from the evil of their doings." Could this be why with 50 million born again in America, we are headed down the road to hell faster than at any time in our history? Could it be that many of those who call themselves Christian, have become the useless salt of Matthew 5:13, which has lost it's ability to act as salt and hold back corruption?

Our founding Fathers were not only statesmen (and we have had none in America since Douglas Mac Arthur), they were also historians who knew that sooner or later, as government grew larger, it would become a monster seeking control, rather than govern it's people. They knew that, "Power corrupts, and absolute power corrupts absolutely " So they provided protection for the American people in a Constitutional document known as the "Bill of Rights", where, especially in the 2nd Amendment, the people were given a safeguard against a rebel government that sought to enslave them. This is why any attempt to destroy the 2nd Amendment, by a thing called "gun control", must be viewed as an attempt at `people control". They know that before they can seduce, or force, America into their Zionist New World Order, they must disarm us.

Nine times the Bill of Rights tells the Federal Government, "Thou shalt not!" and the 10th Amendment says: "Government, if we forgot anything in the first nine Amendments, you can't do either unless `we the people' give you that right." My how far we have strayed from this wisdom. Yet it has been by following this document and the Word of God, that America has remained relatively free from those traitors who seek to enslave and destroy us.

Ever since International Jewry took control of our economy through the Federal Reserve Act in 1913, big government guided by Talmudic principles has attempted to usurp individual rights. This is all part of their plan to force us into their One World Government, under Zionist control, If you want an example of what they will be like, look at what they are doing to the Palestine Arabs today. When they

take over, they will fulfill their Talmudic prediction: "When our Messiah comes, every Jew will, have 2,000 goyim slaves." (You and 1.)

Today this is why Zionist controlled Big Government paints Patriotic Christians with the black brush of extremism. It is why even now; we see the controlled press as they are beginning to surmise that it is "American extremists ", who are behind the Anthrax scare. Are they laying the groundwork for Christ's prophesy in John 16:2 to come true? He said, "They (Jews) shall put you out of their synagogues; yea, the time cometh, that whosoever killeth you will think they doeth God service."

I'm not trying to frighten you, but am telling you what God's Word says so you can be prepared for it. "Fore warned is forearmed! " I realize that some Christians will accuse me of trying to frighten them, with negative thoughts, but I just want you to know that the popular Christian message that: "Something good is going to happen to you today", while very pleasant to hear, is not necessarily true. According to Ezekiel 3 & 33, my task is to warn my people, not make them feel good, and warnings are never pleasant to hear.

The enemy are running scared, because they know that out there somewhere, in the great American interior, are patriotic men and women who are armed, and who are not afraid, and who will stand up and defend their God and country against all her enemies.

It is beyond their comprehension that there are still American men and women of courage who cannot be bought; who cannot be intimidated, and who would "rather die on their feet, then live as slaves on their knees ", and quite frankly, this truth, "scares the hell out of them! " So if you are one of these expect government and church persecution.

I believe that events taking place now in Canada, the United States, and throughout Christendom, indicates that time is running out for us, and that the core of the problem which are destroying us, rests squarely on the shoulders of those of us who call ourselves Christian, for it has been Christian apathy that is primarily to blame for the forces of evil taking control.

There are some who go by the name of Christian, who relish the thought of exterminating the enemy. I do not believe Scripture indicates it will be done this way. Over and over again God says, "vengeance is mine, I will repay! " In Christ's Parable of the Wheat and Tares, He says His angels will take care of the Tares (Matthew 13:41,42). In Revelation 18:21, we see where the remnant of those evil people who were not "cast into the Lake of Fire", will be killed by the "sword of Him, that sitteth on the white horse, that proceedeth out of His mouth. " (Personally I am glad that Christians will not have to take part in this bloody carnage.)

A well known columnist wrote this truth regarding America: "America is wretched, though we dance and sing; pitiable, though we are lauded by kings and princes; blind, though our physical eyes are sound; naked, though we are clothed in splendor." He apparently understood the truth Christ addressed in the church at Laodicea in Revelation 3:15-17 - "Because thou sayest, I am rich and increased with goods, and have need of nothing and knowest not that thou are wretched, and miserable, and poor, and blind and naked."

Today we are living in the days prophesied in Luke 21:26, where Jesus said that, "Men's hearts will fail them from fear, and looking at those things which were taking place on the earth." Today suicide, often brought about through fear, is one of the number one killers in America.

If we are honest, we will see that the nations of Christendom, with America in the forefront, are showing symptoms of "spiritual gonorrhoea ", which if not cured will, destroy us.

We will see a terribly sick giant, who has exchanged his heritage for a mess of stinking socialist, Jewish pottage. We will see a sick giant, who has lost his way and his sense of destiny. We will see a giant whose reasoning process has become so devious and scrambled, it is beyond comprehension, who hands out aid to those who openly declare their intention of destroying him, while alienating those who were once his friends and loved and admired him.

You will see a sick giant who in his present neurotic state gulps down prodigious amounts of pills. Pills to put him to sleep; pills to keep him awake; pills to speed him up and pills to slow him down; anything that will drown out the ghastly predicament he finds himself in. Other great nations in history, who have taken the same path, have left their bones to bleach on the sands of history.

Some of you will not like my honest assessment of facts. Some may be like the man who said to me: "If you don't like America, leave!" I love America, with more than mere words, and have proven my loyalty by putting my life on the line for her many times. I believe this gives me the right to speak out and fulfill my duty as a Watchman on the walls of America.

I stay with America because I know we are God's chosen land, and His chosen people (those who follow Him and obey). I believe like the Apostle Paul in 1 Timothy 5:8, that "he who will not take care of his own house and bloodline, has denied the faith, and is worse than a heathen." These Christians who say they would never use force against another person, even to protect their own family make me sick. They are not Christian men, but heathen cowards. If we lose America, to the forces of evil that seek to control us, there will be no place of refuge for our people anywhere.

Will the American people, especially professing Christians need to receive a thrashing at the hands of God (See Hebrews 12:6, & 8), before they are willing to obey and be saved?

I'm firmly convinced that the majority of our problems can be laid at the door of the church, for while Jesus ordered us to "occupy until I come!" Many have been spiritual cowards, hiding in their spiritual foxholes, while they wait for Jesus to rapture them from the results of their own apathy.

It seems that the majority of our American people feel that if we enjoy ourselves enough, and prove our "freedom by doing our own thing" we will be all right. So we laugh our way into hell. It has even infected many churches, where instead of being called to worship, we are told to "come celebrate with Jesus." (This concept can be found nowhere in the Bible, Old or New Testament.)

The meaning of worship is that of showing homage and reverence towards God and His Son. It is adoration to them.

By comparison, the idea of celebrating is one of merrymaking; a special event with festivities, and festivities are usually associated with having fun, gaiety, mirth, and conjure up a party atmosphere, rather than one of worship. Or as one preacher said during a funeral service, "Brother ... is now in heaven, having a party with Jesus." (There is no Scriptural backing for such a remark.) I believe this attitude has weakened the reverence we once had for God and His Son, and has weakened the impact Christianity should have on this country and has often made Christians a laughing stock in the eyes of the unsaved and our enemies. All this leads to a weakening of our spiritual resolve to fight evil at all costs. Instead, we have a tendency to join in with the world in having fun.

Many of our people feel that if we laugh enough, everything will be all right (this is called positive preaching). What's so funny about 30,000 people killed every year by drunken drivers? What's so funny about a nation that kills 2 million of it's unborn every year, often for the convenience of their mothers? What's so funny about the filth and immorality that is being crammed down the throats of our children in the Public Schools in the name of education? What's so funny about the filth we see on Jewish controlled Television, and in the African jungle beat of rock music and the Africanization of

our youth to where they often act like naked savages? What's so funny about prayer and Bible reading being taken out of our Public School system, because a few antichrists are upset with our Christian way of life? No my friend, there is nothing funny, or to be laughed at by what is being done to our once great Christian nation, as we are being `fattened for Zionist slaughter ". This can be seen in how political candidates espouse being born again to gain votes; entertainers to attract crowds, pro-football players to gain respectability for their Sunday brutality, and the business world to make money. Even the secular press, radio and TV have found it fashionable to occasionally slip in the words, born again into their speech and print.

It is not surprising that the world has jumped on the born again bandwagon, in order to exploit it. The real tragedy of the whole mess, is that it was spawned and spread by the church, and is now regarded as a great spiritual revival, when for all intents and purposes, it is much like the church at Sardis which while it appeared to be alive and well, was "spiritually dead" (Revelation 3:1).

The fault does not lie with unbelievers and atheists, but with so called Bible believers, who have preached error as truth. This is as much treason, as "giving aid and comfort to the enemy. " I do not have space in this writing to go into these errors in detail, but for more information on this vital subject I would suggest you write to: "The Chapel Library", 2603 W. Wright Street, Pensacola, Florida 32505 and ask for Richard Och's pamphlet, "Born Again-ism': It will explain how the great doctrine of the miraculous need of men to be regenerated, is now presented in a way that denies the point it is supposed to make and instead teaches the error that "men are saved as a result of something they do ", when the Bible teaches that only God, through His Holy Spirit, can reach and change a sinful heart. It is not something man does, but what God does when a man or woman comes under the conviction of the Holy Spirit.

Going forward to some altar call, praying a little prayer written on a card, signing a commitment card, and being baptized, does not do it. (An altar call or going forward is not taught anywhere in the New Testament.) Born-again-ism can only come as God, first reaches the heart and convicts it of sin.

We desperately need citizens who are committed to righteousness and against sin of any kind.

During the Diamond Jubilee of Queen Victoria of England in 1897, the poet laureate of Britain, Rudyard Kipling, was commissioned to write a poem for the occasion. He wrote "Requiem", which was not well received by the English people, especially the aristocracy because of its truth. It would be well for America to consider it today:

Requiem

"Gob of our fathers, known of old;
Lord o f our far-flung battle lines,
Beneath whose awful hand we hold,
 Dominion over palm and pine:
Lord God of Hosts, be with us yet,
 Lest we forget?

"The tumult and the shouting dies,
The captains and the kings depart;
Still stands ,Thine ancient sacrifice,
 A humble ant a contrite heart;

Lord God of Hosts, be with us yet,
Lest we forget!

"Far flung, our navies melt away;
On dune and headland sinks the fire;
Lo all our pomp o f yesterday;
Is one with Nineveh and Tyre;
Lord God of Hosts, be with us yet,
Lest we forget!"

Today we are taught a never ending litany of love in most of our churches, and that is good up to a point, as most certainly our God, is a God of love, yet very few churches teach that we must hate evil and those who perpetrate it as taught in God's Word. I like what the Psalmist has to say about hate, in Psalm 139:21, 22 - "Do not I hate them O Lord, that hate Thee, and am not I grieved with those that rise up against Thee. I hate them with a perfect hatred, I count them mine enemy." This has a counterpart in the New Testament, where in Hebrews 10:30,31 we are told: ". . . Vengeance belongeth unto me, I will recompense, saith the Lord. And again the Lord shall judge His people. It is a fearful thing to fall into the hands of the living God." So though He loves sinners, and would, have all come to Him in repentance, He does not overlook their disobedience and sin. Although listening to some preachers, one would get this impression, and many Christians have lost a "true fear of the Lord.!" which leads to obedience!

Instead of hating evil, we have dinned into our ears, "Hate the sin, but love the sinner!" Which if carried far enough as it often is, may lead to compromising with the sinner, and result in damaging both him and our Christian witness.

Any compromise with sin, for any reason is disastrous to the Christian, even though the church may make light of it. A good example is how so many churches have made light of the homosexual sin, allowing them to become church members, and in some cases pastors, although the Word of God in Old and New Testaments considers it a sin worthy of death.

In I John 2:22 we are given a clear definition of who is an antichrist, with the warning in 2 John 10 & 11, that if we help them in any way, we "become partaker in their evil deeds." There is no way anyone can reach God, except through Jesus Christ, no matter what Dr. Billy Graham, or the Pope says differently. (These are not my original thoughts, but come straight from God's Word.) It sometimes disturbs me to think back over the years before I learned the truth, to remember the numerous times I supported the "antichrists and thus became partaker in their evil deeds." For a Christian to do this is also treason, "giving aid and comfort to God's enemy."

This is not something to take lightly for it means that if you support the Jews in any way, you are at least partially responsible for the millions of unborn babies slaughtered in mostly Jewish owned, Jewish run abortion clinics, no matter how anti-abortion you may be. It means you are at least partially responsible for the millions of young people who have been ruined by mostly Jewish owned and promoted, drugs, prostitution and pornography. It's a frightening thought, isn't it? Yet the Bible says it's true!

The hour is growing late for America, and we may already have `passed the point of no return ". Only God knows!

We are like the man sitting on an open keg of gunpowder, smoking a cigar, while knocking the ashes into the keg. It will take only one tiny spark to hit the powder, and we will see the worst explosion that has ever hit this earth come to pass, as God vexes sinners in His displeasure at their disobedience. You may not like a God like that, but He is the God of the Bible, and the Creator of this world, so as important as you may be in the eyes of men, you have nothing to say about how He runs His universe. It would be much simpler to obey Him and be blessed, than to learn the hard way, that he is still in charge of things, and that "the way of the transgressor is always hard.!"

Most church folks don't like this, for they have been taught that He is "good and kind, and never gets angry with treason on the part of His people ". So instead of loving, obeying, and trying to please Him, they have invented a God, who will never say no to them and never gets angry when they insist on doing their own thing.

The Apostle Paul realized this danger when he wrote in 2 Timothy 4:3 & 4 - "For the time will come when they (God's Israel people), will not endure sound doctrine; but after their own lusts shall heap to themselves teachers, having itching ears; and they shall turn away their ears from the truth, and shall be turned unto fables." (See also Titus 1:10,11 & 14)

While 2 Chronicles 7:14 is a sure solution for our problems, because God says it is, many Christians do not trust Him enough to listen and obey!

When the Communist Jew, Gus Hall (real name Hallberg), who was the perennial head of the Communist Party, U.S.A. for many years predicted over sixty years ago, "I will live to see the day when the last Congressman is strangled with the guts of the last preacher. The Christian love blood so much they are always singing about it, so we will give them all the blood they can stand, as we cut the throats off their children and drag their bodies over the altar rails of their churches. May the parents drown in the blood of their own children." Many Christians believed this was the ranting of a sick old man, a wacko extremist, only to discover he meant what he said, as over 140 million people world-wide, including millions of Christians died horrible deaths at the hands of those who believed as he did.

Hall was voicing a centuries old dream of Judaism, as taught in their holy book the Babylonian Talmud, which openly declares their intentions of "destroying White Christian civilization. " There is little doubt that if the majority of White Christian Americans knew of Jewish plans, and their world aims, that we would rise up in righteous indignation and throw the moneychangers out of our national temple. Jewish leaders know this and warn their people to be very careful about revealing Jewish plans for world conquest. They know "they have one foot in the grave, and the other one on a banana peel. "

Our people, especially White Christians, have become so dumbed down with Jewish propaganda, that they will not believe Jewish threats to eliminate them.

Now that this so-called emergency is going on, Christian Patriots are in grave danger. For there is much evidence available, that as the American people become aware of the stupidity of our military actions in Afghanistan, which is costing us much in money and blood, without gaining us anything other than further world hatred, the American people will soon begin to clamor for the government to fix the blame, on someone, and what urged by the media will shift their attention to what the media calls "domestic terrorism " and upon the militia, and White Christian Patriots who believe in the 2nd Amendment. These must be disarmed, before the Zionist plan for World Conquest can be successful. So although Christian Patriots have long proven to be the backbone of America's freedom, they will be sacrificed on the altar of Zionist plans, by our Zionist controlled government.

This would be a cause for fear and anxiety if we did not know that "God hath not given us (true Israelite Christians) the spirit of fear but of power and of love, and of a sound mind. " We need not fear, for with every emergency that arises, He has made a "way of escape for His elect ", if they are

obedient! (See Luke 21:28)

The veil of darkness that has been placed on Christian's minds, has often been done by professing Christian pastors, who are more interested in the material benefits they receive from Jewdom, than for the approval of God. (They will have their day in His court.)

This Jewish control will end, when Christian soldiers are willing to fight for their King, using the weapons He will provide.

I believe the time has come for physical combat against the forces of evil that are engulfing us. But to be successful, we must first learn the hard lesson of complete obedience!

Today we have a host of shell-shocked Christians who need some critical mental attention, since they have become a liability to Christ's cause and are causing fear among His troops. God said, "Send the fearful home!" (Judges 7:3) For they will cause fear among the combat troops.

I learned a valuable lesson about this fear syndrome, during the opening days of the Korean War along the Pusan Perimeter, where we were fighting for our life. I was paired with one of the bravest men I ever knew, Captain Bobby Ford, from San Antonio, Texas, I remember one day heading for the front lines in his jeep, at 60 m.p.h. Then on our way back, under heavy mortar attack, with shells dropping all around us, and shrapnel rattling off the jeeps frame, he never exceeded 15 m.p.h. When I asked him why we didn't speed it up he said, "Jack, we are working with green troops and if they see us hurrying to the rear, they will think the enemy has broken through our lines and we are in retreat. Soon we would have a full fledged rout on our hands." So while I prayed, he drove to safety at a sedate pace. I learned that when leading troops in battle, the leader must never show fear, no matter how frightened he might be. There were times when I was real scared. This is why God told Gideon, to send his frightened soldiers home, before they could infect the rest of his troops with fear. This may be hard to understand until you are in a combat situation with the odds 20 to 1 against you.

It is appropriate too in Christian warfare, where a spiritual coward may be of more danger to you than the enemy.

A few years ago, I received a letter from a Jewish Rabbi named David Goldstein. It contained the translation from Hebrew, of a speech given by a rabbi named Cohen, to the Jewish Yeshiva (seminary in New York City).

It was a near perfect example of the Talmudic pattern followed by the world Jewry for over 2,000 years. Here is what Cohen was reported to have said, about Jewish attempts to destroy Christianity:

"How can we do this? First remember we control the major media in America. We control all the major newspapers, major magazines, the wire services, the TV broadcasters, and most of the Radio Shows, plus all the entertainment world. So we are free to make the American 'goyim' (Yiddish for non-Jew animal) think what we want them to think. All of them watch TV and read our papers. How can they not believe what we tell them, when they read and hear the same story everywhere? All point a thousand identical fingers and shout a thousand identical accusations.

"We have already enslaved their minds. But they are unaware of it. I warn you, they must always remain ignorant of the facts. Some of you (Jews), may smile at this thought, but be very careful, for the goyim are not all under our power yet." (UNQ)

At this point I would, like to introduce a corroborating witness, written over 70 years ago in the Communist textbook, "PSYCHOPOLTTICS", which is the art of controlling the thinking of an entire nation, so you can control it.

(This book is available from:

It was brought to this country in 1937, and taught to Communist cadre at the EUGENE DEBS LABOR SCHOOL in Milwaukee, Wisconsin. On page 52 it says, "We have battled America since the turn of the century to bring to nothing any and all Christian influences, and we are succeeding. While we seem to be kind to Christians, remember we have yet to influence the Christian world to our ends. When we have done this, we will have an end to them everywhere.

"You must work until Christianity has become synonymous with insanity. You must work until the officials of county and State governments will not think twice before pouncing on such groups as our enemies.

"We must become like the vine climbing on the tree. We use it to climb, and then strangling it, grow into power on the nourishment of its flesh.

"We must strike from our paths all opposition. We must use as our tools any authority that comes to hand." (UNQ)

Refereeing back to the Rabbi Cohen's speech:

"Like the animals they are, the 'goyim', can be very dangerous to us. Especially is this true of Christians and Muslims.

" Fortunately at this time, we have ensconced in the White House, the greatest friend the Jews have ever had in the Gentile world (the traitor Bill Clinton). He has been of great benefit to us and I assure you he will be generously rewarded.

"Our terrorist methods worked well for us in Czarist Russia, and they will work better in America, since our media is present in every household. You will soon see how we can destroy our enemies, by merely pointing our holy fingers at them and accusing them of crimes against us. Our TV and newspapers will lead the assault against their tiny brains, with rumors, with allegations, with gossip presented as fact, with false assumptions, with innuendo, and with false outraged moral posturing, and all the other methods we have at our command.

"Truth will either serve our purpose, or will be heaped with ridicule. We will engulf the American people with deceit.

"The Christian patriots, the White Supremacist will all fall victim to our propaganda, and the American people will discover the bombers at Oklahoma City, were 'angry White radicals'! The ingenious possibilities are incredible!

"We are going to turn those who, love America, into those who are their Number One Enemy.

"We stand at the threshold of our kingdom! We are about to turn the American people against Christian patriots, and produce the International man, the one World patriot, who is subservient only to the United Nations and Jewish Law. In our lifetime we will witness the destruction of Christianity in America and the supremacy of our ruling authority over the goyim and their Western Christian civilization." (UNQ)

His speech was greeted with thunderous applause by the assembled rabbis. We have in essence here, the long-range goal of International Zionism, and the people many of our pastors call God's Chosen!

This is a clear indication of the venom that resides in the blood stream of Jews, against Jesus Christ, and why He referred to them over and over again as poisonous snakes, who would be unable to escape the punishment of hell. (Remember, I did not make this up. It comes from the pages of the Holy Bible, and the lips of the one you call Savior.)

When you see the urbane, smiling face of Peter Jennings on the evening news, remember this. When you listen to Dan Rathers or Barbara Walters, and to others in the media, remember this prediction. Their hatred is ingrained in Jewish blood, fertilized by their Holy Book, the Talmud. So listen objectively. Remembering they are paid huge salaries to use any deceit necessary to confuse you and carry out Jewish aims.

I warn you against Judaism, not because of any special hatred towards Jews, but because they are our enemy, and according to their words, and actions, have proven their desire to destroy us. I would be a traitor to my God, and to His people, if I did not warn you when I see obvious danger to you. As a WATCHMAN on the walls of Israel America I am told in Ezekiel 33:6 - "if the watchman seeth the sword (danger) come, and blows not the trumpet, and the people be not warned; if the sword come, and take away any person from among you ... his blood will I (God) require at the watchman's hand ... I have set thee as a watchman unto the house of Israel; therefore thou shalt hear the word at My mouth and warn them from me."

Once you receive this warning, it becomes a personal matter between God and you, and He will hold you accountable for the truth you have heard, whether you accept it or not! Since I am more desirous of pleasing God than anything else, I am compelled to tell you the truth, even though it may be unpleasant and you do not want to hear it!

Christian, when you meet God, what will His reaction be? Will He be able to say, "Well done, good and faithful servant!" or must he say, "Depart from Me, ye who refused to obey Me, I never knew you?"

Exercising our faith, and wearing the armor He will provide, we can face overwhelming odds, and go singing into the battle: "For this is the victory that overcomes the world; even our faith." Somehow or other I don't believe He will bless the traitors who support His enemies!
